CABLE PUCKS

**Magnet, Peel and Stick Adhesive, or
Thru-Bolt Options Available**

Extend the life of your cable without investing money and manpower in expensive cable tray or conduit runs.

Options:

- 12lb or 40lb pull-strength flat magnet
- Peel and Stick Adhesive
- Thru-Screw/Bolt (Doesn't Include Bolt/Screw)

Advantages:

- Designed to simplify routing of cables and wires
- Flexible mounting options for a variety of surfaces like metal, aluminum, wood, concrete, and more
- Clamping bar has adjustable compression with the turn of a screw, making adding, removing, or replacing cables easy
- Beneficial for applications that call for a temporary run of cabling
